Public, Private, and Hybrid Cloud Solutions from STA Technologies

## IT'S YOUR CLOUD... ANY WAY YOU WANT IT.

STA Technologies offers custom cloud solutions that deliver the flexibility, reliability, and certified support that fit the distinct needs of your business and your customers' goals. This is what separates us from other cloud providers. Our business is the cloud. It's what we do. It's all we do. Our high-performance virtual server infrastructure solutions are scalable for any business - from SMBs to full Enterprise systems.

Our expert team of VMware-certified engineers manages the infrastructure, which is built on industry-leading platforms such as VMware, NetAPP, and Tintri. Our staff of sales and marketing professionals stand ready to assist you with comprehensive training, service, and support before and after the sale. Whether your customers need a public or private cloud solution - or a hybrid cloud that blends the best of both worlds - STA Technologies gives you a full range of options to create the cloud you want, any way you want it. We are dedicated to providing you with cloud solutions that work, at a price you can afford, and with a level of support that can't be beat.

## WHY STA?
